MS-Polymer Adhesives and Sealants

Tikalflex has the following properties:

- MS-Polymer free of isocyanat and solvents and softeners
- No shrinking (< 1 %)
- Highly resistant against most chemicals
- Very high adherence and elasticity
- Works under water
- General use without priming
- Paintable and grindable
- Very long shelflife

Contact 12

Multi purpose Marine adhesive (2,1 N/mm²) and sealant, available in black, white and grey. Works on wet surfaces as well as under water. Short open time, early grindable, fast paintable.

Clear 10

Transparent adhesive for all interior applications.

Silicones

PCW 14

NEW!

Sealant for all kind of windows, Polycarbonate, Acryl or glas. No primer needed, very UV-resistant and very long lasting marine-silicone.

Cleaner Liquid

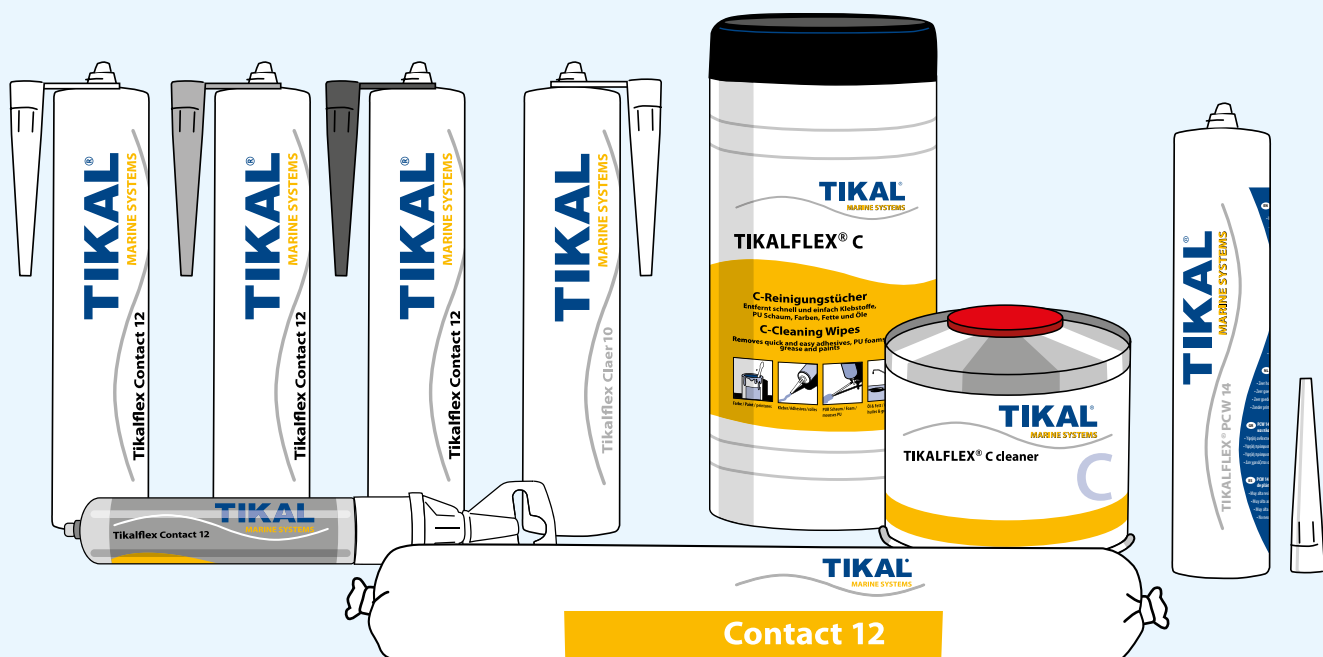

Extremely strong liquid cleaner for all non-absorbent surfaces.

Tikalflex CW

Highly effective, universal cleaning wipes for gently removing sealant, PUR foams and adhesives before they have hardened from tools, surfaces, and **skin**.

Available sizes:

- 70 ml tube
- 290 ml cartridge
- 600 ml tubular bag
- In black, white, grey or transparent

TSCplus Tikalflex Teak Caulk

TSCplus is a one-part, paste like neutral cure adhesive sealant specially designed to caulk and seal teak decks. TSC has been in production for more than 25 years.

- Requires no primer, no primer allowed
- Long-life reliability – 10 years guarantee on black, 6 years on grey and white
- Extreme resistant against UV-light
- Remains flexible – will not shrink, crack, crumble or dry out
- Strong elasticity and adherence
- Resistant against fresh- and saltwater
- No sagging, no bubbles
- Silane polymer, no silicon
- Effective since 1993

Technical informations	
Base	Silane Polymer
Shore A	39
Tensile strength	1,7 N/mm ²
Elongation	670%
Skintime	5 Min
Tack Free time	25 Min
Density g/ml	1,25 g/ml
Cure speed	3mm/24h
E-modulus	0,57
GHS Symbols	
Certificate	
Warranty	10 (6) years
Colours	black, grey, white

Available sizes:

- 100 ml sausage
- 600 ml sausage
- In black, grey and white

TLB Flex

Teak Levelling & Bonding Flexible

TLB Flex is a one-part, paste like neutral cure MS Hybrid, specially designed to glue teakwood and panels, as well as cork or synthetic decks to ship decks (GRP, metal or wood). It cures when exposed to moisture in the air forming a tough, flexible bubble free seal. For application with PVC decks it's recommended to use our SynteakActivator as a primer.

- Very long open time 40 Min.
- Excellent adhesion on teak, steel, GRP
- High elongation to break
- Cures down to 10° C

Available sizes:

- 600 ml sausage (black)
- 500 ml Synteak Activator

TLB Pox

Teak Levelling & Bonding Epoxydresin

TLB Pox is a high quality, 2 compound epoxy bonding paste/filler specially developed for levelling and bonding teak deckings on steel, alu, cfk.

- Excellent adhesion properties on teak, CFK, metal
- Suitable for vacuum bagging
- High elongation to break
- Lightweight 0,65 Kg/Liter
- Cures down to 10° C
- 1:1 mix ratio
- Levelling up to 35 mm
- Very long open time 1-2 h

Available sizes:

- 2 x 1,4 Liter
- 2 x 20 Liter

Magic Clean – cleans without chemicals

Magic Clean is a highly effective cleaning eraser in industrial quality.

Magic Clean easily removes stubborn stains from GRP, windows, inflatable dinghies, fenders, covers, metal, sails, leather and at home.

- No chemicals, no cleaning agents
 - No nano-tech – no micro fibres
 - Use with fresh water
 - No hard work – so easy
- just magic!

Available sizes:

- **4:** Pack of 4 Sponges
- **2:** Pack of 2 Pads and handle

Cork Protect

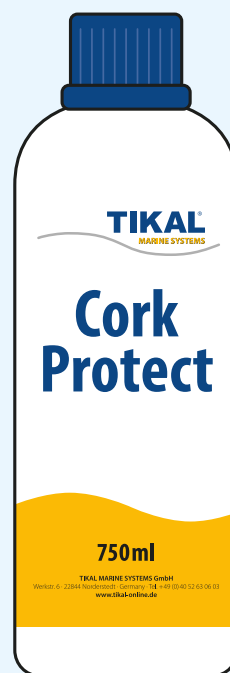

Cork-Protect protects your teak or cork-deck from dirt and stains.

It reduces the slipperiness of wet decks considerably.

Cork-Protect is applied thinly and can be walked on after drying.

Available sizes:

- 750 ml bottle
- 25 liter container

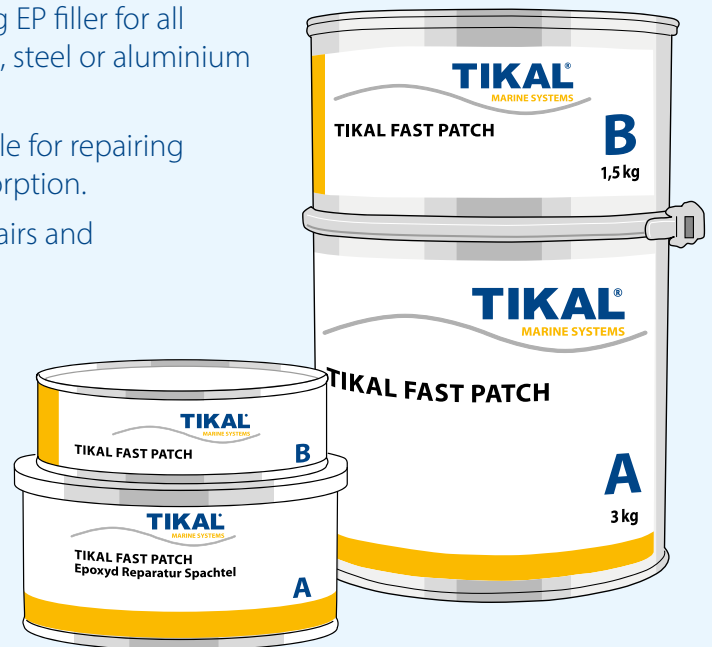

Fast Patch – Epoxy Repair Putty

- **Fast Patch** is a two component, fast curing EP filler for all boat-building materials such as GRP, wood, steel or aluminium above and below water.
- **Fast Patch** is easy to mix and is also suitable for repairing osmosis damage due to its low water absorption.
- **Fast Patch** is excellently suited for fast repairs and small profiling work.

Available sizes:

- 600 g can
- 4,5 Kg can

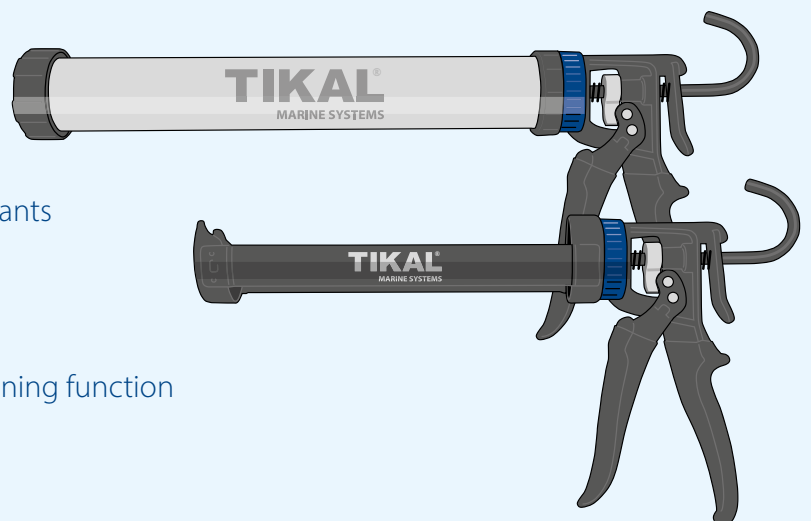

TOOLS AND ACCESSORIES

Tools

HQ300 & HQ600

- Caulking gun for all adhesives and sealants (MS-polymer, acrylates, silicones)
- Rotary carriage
- Special hardened catch plate
- Double slide bearings for smooth-running function
- For high viscosity dispensing material
- Thrust ratio 17:1
- For cartridges 310ml/10.5 oz

Tikal Joint Tool

- For perfectly elastic joints
- No release agent required
- No more moistening with a cleaning solution
